- D. Update from Donna: we received copies of the school report card and discussed the improvements from last year. Overview of the budget, there is some extra money to be spent on curriculum and tech equipment. Playground equipment is being considered. The idea of bleachers was suggested but we have no extra storage space available at this time.
- E. Update from Paulette: from the DAC meeting; the district is making decisions about how to cut back since bond did not pass and the state has cut back on spending. Parents can go to the district web site to give their input. You can also get all the updated information on what the district is doing from their website.
- F. No PVA update
- G. CSAP project: we went over the dates and came up with our time line to inform parents of the CSAP testing and what we want to do with the snack program. We will email teachers to get their suggestions for snacks and the dates they would like to have them. From there we will collect donations from parents and put together a crew to deliver the snacks, to be done at the next meeting.
- H. SAC survey: will be sent out in April, we will be collecting questions over the next two months.
- I. Community time: Piper brought up the idea of publishing the awards that are given to students through out the year so that there is better recognition for them through out the school.
